GIVE KIDS A SMILE CONSENT FOR DENTAL TREATMENT/HIPAA

I authorize, request, and permit the volunteers of Give Kids A Smile to perform dental services in order to preserve and restore my child's oral health. Additionally, I authorize the use of medications, anesthetics, nitrous oxide, and x-rays deemed necessary in the course of treatment. I acknowledge the risks inherent in providing dental treatment and that although good results should be expected, the possibility and nature of complications cannot be accurately anticipated and thus no guarantee of results can be expressed or implied. I recognize that during the course of treatment unforeseen circumstances may change the diagnosis of the original condition, which would necessitate an extension of the original procedure or a different procedure. I also understand that the volunteers for Give Kids A Smile are **not obligated** to perform follow up treatment on my child and the event is a **one day event only**. I do hereby waive and release Give Kids A Smile and any persons or organizations acting on their behalf or sponsoring or volunteering at this event from all claims of liability arising out of acceptance of such free care including but not limited to medical, surgical, dental, and any other health care or medical advice. I also understand the Medical Arts Building, its tenants and owners, are not responsible for any accidents, theft, injuries, etc. that happen on the property during this event.

I am aware that occasionally it is extremely difficult to perform dental treatment on a child due to lack of cooperation, which can be common in very young children and those with mental or physical disabilities. I agree to report any health changes to the dentist prior to each visit.

I authorize the use of radiographs, photographs, and treatment records for the purposes of teaching or scientific endeavors. I also authorize Give Kids A Smile to obtain any records from other dental or medical offices necessary for the care of my child.

I understand that my child, _____, is **encouraged** to come back on his/her own and if necessary **one parent per family** is allowed to come back. We ask that parents be silent observers unless we request you to give instruction, this helps prevent confusion for your child.

All siblings must remain in the waiting room and be with a care giver **at all times**.

This consent shall remain in full force until cancelled by either party.
